ENGLISH

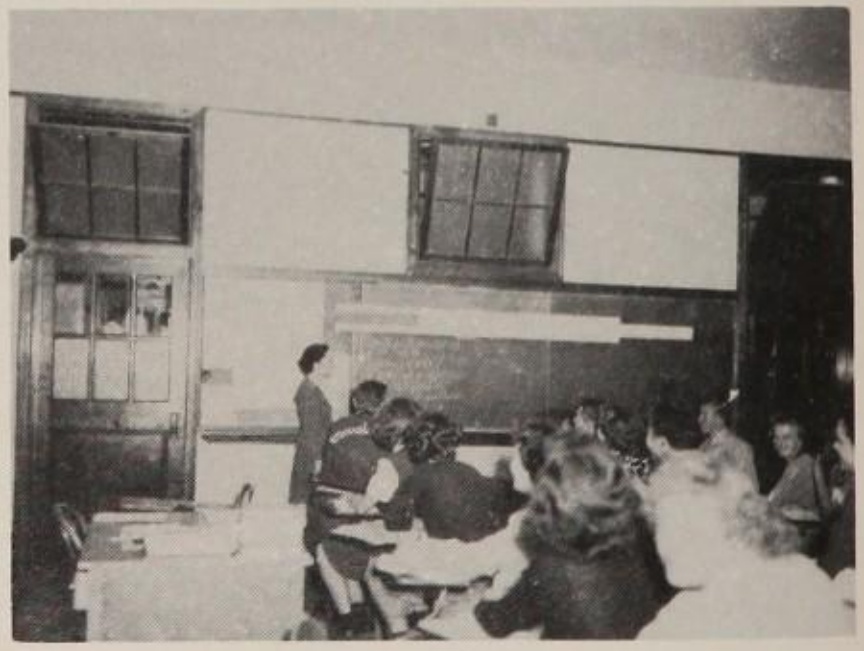
The basic and most essential of languages teaches us better the proper way to write our "Peace of Tomorrow."

HISTORY

Studying and solving the problems of yesterday, these students will learn how to prevent

CHEMISTRY

They are performing experiments to produce a better post-war world.



MATH.

A successful "world of tomorrow" depends on a sound acknowledgment of math and the students in this class are getting full benefit of this privilege.

BIOLOGY

"Cutting up bugs" That's the horrible thought that goes with the word Biology, but aside from all rumors it is a very interesting course.

ART

Austin Round-Up in the making!

WOLRD GEOGRAPHY

Land marks are going to be needed to rebu'ld the war-torn countries of Europe and this course will better enable some of these students to help accomplish this.

It's an easy step from Piggy Bank to Savings Account. The pennies, nickles, and dimes you save now will mount up fast and be there to help you with that college education, summer vacation, trip, or even a start in business. That Piggy Bank and Savings Account are a good way to save for those War Bonds, too. Don't delay! You're not too young to open a Savings Account with the El Paso National Bank.

IF ITS BORDEN'S ITS GOT to BE GOOD

Looks like Elsie means business, but that's the way it is with Borden Dairy Products. There is no compromise right down the line. That's why your malted milks and sundaes taste so much better made with Borden's Ice Cream, why the milk you drink with your meals is always the same rich, health-giving food-drink. Anything bearing the name of Borden has to be good.

"Gee, Ann, Fredda Von Zell sure does take swell pictures, doesn't she," says Veragene Sanderson to Ann Beys, Austin co-eds.

"The best in El Paso," she replies, "and all Austin students get portraits made here."

"The boys get their pictures here too, and remember that many of our feature sections in the annual are made up at Fredda Von Zell's," says Frank Weidner.
